

BUSINESS INTERNET CONNECTIVITY

ALWAYS BY YOUR SIDE www.bluegrass-group.com

From fully managed IT support to strategic advice; IT security; business continuity; and cloud services

BUSINESS INTERNET CONNECTIVITY

A reliable connection is vital as our business systems move to the cloud.

We specialise in providing business broadband, fibre and leased line connectivity. Our solutions are geared specifically for business and come with the support you need to keep your team and essential systems online.

All our packages come with unlimited usage as standard, so you don't need to worry about how much you download or browse; you only need to decide how fast you want your connection to be.

Bluegrass Connect

Standard Broadband – requires a telephone line

ADSL2+

ALWAYS BY YOUR SIDE

Start your journey, call us **01392 796779**

From December 2025 broadband connections will no longer operate over our phone lines. This will undoubtedly reduce the cost of connectivity, but it also means that traditional connections will become redundant.

We will continue to sell traditional broadband products in the short term, but do encourage you to consider a full-fibre or 'transitional' product wherever possible to future proof your connectivity.

FTTP

Fibre optic straight to your front door

The best broadband connection you can get!

Bronze	Up to 80MB Download & 20MB upload	£40.00 per month
Silver	Up to 160MB Download & 30MB upload	£55.00 per month
Gold	Up to 220MB Download & 20MB upload	£60.00 per month
Gold Plus	Up to 330MB Download & 50MB upload	£65.00 per month

Bluegrass Direct Connect Ethernet Leased Line

This offers the fastest business broadband possible, with deliverable two-way speeds of up to 1GB. A fibre optic cable is installed directly into your business. You only pay for what you need, but it can be increased quickly at any time. Prices are based on your needs and the distance from the telephone exchange.

**from £175.00
per month**

All of our connectivity products require a router and will often incur an installation cost. All costs will be detailed in our quotation
